Preface

Philippine National Bibliography, a bi-monthly publication with annual cumulations, has for its main objective the listing of new works published or printed in the Philippines, by Filipino authors, or about the Philippines, including unpublished materials. It also serves as a book selection aid and a catalog of copyright entries for duly copyrighted Filipiniana items.

Coverage

Philippine National Bibliography lists the following categories of materials:

- (a) Books, pamphlets and non-book materials copyrighted under Presidential Decree No. 49, the Decree on the Protection of Intellectual Property, otherwise known as the New Copyright Law of the Philippines;
- (b) Non-copyrighted books, pamphlets and non-book materials regardless of the number of pages;
- (c) Government publications including presidential decrees, orders, proclamations, and instructions;
- (d) Annuals, first issues of newspapers and periodicals;
- (e) Conference, seminar or workshop papers;
- (f) Theses and dissertations;
- (g) Titles reprinted in the Philippines under Presidential Decree No. 285 as amended by Presidential Decree No. 400; and
- (h) Other materials that reflect the intellectual and cultural growth of the Filipino nation.

Excluded are the following:

- (a) Certain government publications such as department, bureau, and office orders, memoranda, and circulars;
- (b) Legal documents and judicial decisions; and
- (c) Trade lists, catalogs, time tables and similar commercial documents.

Arrangement

Philippine National Bibliography 1974 annual cumulation is divided into three main sections -- the book list or main sequence; author, title and series index; and the subject index. It provides a directory of printers and publishers, and registers of copyright holders and reprinters.

The Book List

The book list or main sequence of the bibliography is arranged broadly by type of materials, and under each, alphabetically, by author or

main entry. Complete bibliographical information is given. The price, where available, is likewise provided.
